

Please don't take away K-LOVE.

I can listen to K-LOVE on my way to work, on my way to the store, on my way to anywhere. Thousands of people have accepted Christ just from listening to K-LOVE. My community won't have the uplifting songs and stories to help them through their day.

I have talked to many people that listen to K_LOVE and they love it. It is how they start their day.

Please don't take it away.

Michele
